Water Play Day

During the hot summer months we plan a “Water Play Day”. The children are engaged in water table activities, as well as getting wet in the sprinkler. If you allow your child to participate in the sprinkler you must bring his/her bathing suit or swim shorts, towel and change of clothes. If your child does not come to school with the three items listed above we will assume that your child is not allowed to participate. Other water activities that don’t involve getting wet will be provided for children who are not allowed to participate in the sprinkler. The following are the dates assigned for each class:
